The Standard insults the intelligence of the foreign-born citizent of Oregod by its deciarations that the republicing party is opposed to their elevation to office. The resulting party bas conferred more positions continued to the property of the party base o on citizens of foreign birth, three to one, grounds of our nations independence. This will come off on the first and the democrats. The old know-nothing tend by line. J. F. Capite of Fariation will be delivered by line. J. F. Capite of Fariation will be delivered by line. J. F. Capite of Fariation will be delivered by line. The capite of Fariation will be delivered by line of the farit and its expected that Dr. Wais will deliver several calculate. crats. The republican party has placed country. arl Schurz in a higher position than any of the democrate have ever given to one bornin a foreign land. R.-C. McCormack, late comoner general to the Paris Exposition, lee, and a delegate to the Chicago convenon, was foreign-born. E. D. Baker, elected o the U.S. senate from Oregon, was born in foreign land. On almost every republican county ticket in this state will be found the ames of foreign-born citizens. In Linn where the democrats have a pretty t any but patives on the ticket, and their hief fight this year is made against Mr. Saum, the republican candidate for clerk, informed, is foreign-born. In in the face of these faces, known and read of all men, the democratic organishs to the citizens of this county who hap en to have been born ontside of the United ead or know anything. We giory in the citiow-citizenship of the foreign born people of this country. They are not foreign citizens foreigners as the Standard calls them, but very citizen in this country is an American izen, and he stands on a plane with every other, thanks to the progressive spirit of the republican party, no matter where he may have first seen the light of day. Go ugh the list of officials in the republican ratio states, and it will be found that at least hree who were not burn in this country hold dice in republican communities to where se foreign born is elected by the democracy is a party of class and sect; it is not iberal, it is not progressive, it opposes the k vandstnant of thought and binds those ho adhere to it to old ideas, that even the more intelligent people under the monarchical governments of Europe have discarded. While human slavery spirited in this country there was something for democracy to feed on and a reseon for its kept alive, but with the old doctrine day's work by the lash and not by the offer of "a tab day's wages," the reason for the stends of the democratic party became extimet. Under the hope of being able to secure the spain of office it has occasionally been seen to exhibit a sort of galvanic life, and by merits, its body has been kept alive, whi e in rfalgess has been dued for years.

The best informed authorities in New York, ac conding to our dispatches, concede that Grant Reports are so conflicting that it is impos albie to fairly analyze the Indian situation in

the southwestern territories; but enough is stated upon good authority to demonstrate that the war life spirit is atrong and wide-apred. The several disorderly tribes which inhabit the almost imaconsistle regions of New Maxico and Arizona, though professing, peane and regularly drawing their! diry! from Usel Samis agonts are sarving on a sneaking and despitory warfare which if not perceptuated in its victories, is disaurous and hearmoness as the recent enterior are off Joseph barrarous as the recent enterprises of Joseph work but are entirely anequal to veges. Will the official managers at Wash ington never learn the fully of their present RALLY! RALLY!

It has been said Jeffers will make his mark o, the state treasurer his not not his name to a receipt of the money the would-be sena-tor received illegally. If he has a receipt it rould be a good time to place it on record.

The democratic state ticket has been fully endorsed by an poscure paper in Washington territory, and the question naturally arises what reversion a Washington territory editor

it is well known that the judge of this distriot is over worked, and if Mr. George voted for a new judicial district it was in the interest of aready justice.

It is thought Holmes has too large an az to grind and not mough friends to turn the grindstone. Voters understand this. The voters of Multnomah county want a

The question has been asked why Judge
